If the goods being returned are not faulty, to qualify for a refund the goods must be returned unused, in good re-saleable condition including original undamaged packaging and with the original delivery note. If you cannot find any other item that you would like we will refund you for the item less the actual delivery cost and handling charge. [www.radiators4you.com](http://www.radiators4you.com) reserves the right to refuse any refund if the returned goods do not meet these conditions. We advise you to take out insurance for the return delivery, as items not received in re-saleable condition will not be eligible for either an exchange or refund.
